# INTRODUCTION

This new edition of wrought ironwork designs for weathervanes reflects over 60 years of craftsmanship. It should prove invaluable as a reference and working tool to all those involved in forgework – or interested in the history of blacksmithing.

New designs are included in this edition as well as all those previously illustrated in the 'Catalogue of Wrought Ironwork', 1989. This is the

second in a series of catalogues which will cover other design categories.

The catalogue series illustrates what is believed to be a unique collection of working drawings. The work is by designer craftsmen associated with the Rural Industries Bureau from the 1930s through to 1968, the Council for Small Industries in Rural Areas (CoSIRA) from 1968 to 1988, and the present Rural Development Commission.

Today the Commission, which has always been involved in promoting traditional rural crafts in England, also offers training.

Forgework courses are set at various levels and cover: general smithing techniques, scroll work, fitting and framework, power hammering and toolmaking, art metalwork, block repoussé, gilding and decorative effects. For details please contact the Training Section in Salisbury.

Other books on the subject published by the Rural Development Commission include:  
Wrought Ironwork.

Catalogue of Drawings – Wrought  
Ironwork Gates  
Blacksmith's Manual Illustrated  
The Blacksmith's Craft  
Decorative Ironwork

A complete publications list is available from the Communications Office in Salisbury.

**Please note:** the drawings and catalogue illustrations are the copyright of the Rural Development Commission and only in exceptional circumstances will permission be given to reproduce them. Permission must be obtained in writing.

## *How to obtain working drawings*

Each design has a reference number. To order drawings, simply state the reference number and enclose the necessary remittance. On receipt of your order, we will send you a set of drawings, comprising both scaled and working drawings. Simple designs may be contained on a single drawing only. A current price list is enclosed. Prices will be revised from time to time and further copies are available from the Communications Office in Salisbury.

# INTRODUCTION

Cette nouvelle édition de décorations de ferronnerie pour girouettes reflète plus de soixante années de savoir-faire. Elle ne devrait pas manquer d'être un outil de référence et de travail très précieux pour les forgerons ainsi que pour les personnes qui s'intéressent à l'histoire des arts du feu.

De nouveaux modèles sont présentés dans cette édition en plus de tous ceux qui figuraient dans le 'Catalogue of Wrought Ironwork', publié en 1989. Cet ouvrage est le deuxième d'une série de catalogues qui seront consacrés à d'autres branches de l'esthétique industrielle.

La série de catalogues rassemble une collection d'épures qui, pense-t-on, est unique en son genre. Le travail est le fait d'artisans d'art qui ont collaboré aux activités du Bureau des industries rurales (*Rural Industries Bureau*), des années 1930 à 1968, du Conseil pour les petites industries dans les régions rurales (*Council for Small Industries in Rural Areas - CoSIRA*), de 1968 à 1988 et de l'actuelle Commission du développement rural (*Rural Development Commission*).

La Commission s'est attachée dès sa création à encourager les artisanats ruraux traditionnels en Angleterre et elle offre également aujourd'hui des services de formation professionnelle.

Les cours de formation au travail dans les forges sont organisés à divers niveaux et portent sur les disciplines suivantes: techniques générales de forage, façonnage d'enroulements, fabrication des ferrures et des charpentes, martelage et fabrication des outils, ferronnerie d'art, façonnage par repoussage des gros ouvrages de fer, dorure et effets décoratifs. Pour de plus amples renseignements, veuillez vous mettre en rapport avec la Section de formation professionnelle (*Training Section*) à Salisbury.

Parmi les autres ouvrages traitant de ce sujet qui ont été publiés par la Commission du développement rural, citons:

Wrought Ironwork (Le travail du fer forgé)  
Catalogue of Drawings - Wrought Ironwork Gates (Catalogue d'épures - professionnelle Grilles en fer forgé)

Blacksmith's Manual - Illustrated (Le manuel du forgeron - Illustré)

The Blacksmith's Craft (L'art du forgeron)

Decorative Ironwork (La ferronnerie d'art).

On peut obtenir une liste complète des publications en s'adressant au Bureau de communication (Communications Office) à Salisbury.

**N.B.** Le copyright des dessins et des illustrations du catalogue appartient à la Commission du développement rural. L'autorisation de les reproduire, qui ne sera accordée qu'en des circonstances exceptionnelles, doit être obtenue par écrit.

## *Comment obtenir des épures*

Chaque modèle a un numéro de référence. Pour toute commande de dessins, veuillez indiquer le ou les numéros de référence et joindre à celle-ci votre règlement. Dès réception de votre commande, nous vous enverrons un ensemble de dessins comprenant des épures et des dessins à l'échelle. Certains modèles

de conception simple sont représentés sur un seul dessin. Vous trouverez ci-joint une liste des prix. Ces derniers seront modifiés de temps en temps et d'autres exemplaires de la liste peuvent être obtenus en s'adressant au Bureau de communication à Salisbury.

# INTRODUCCION

La presente nueva edición de dibujos de piezas de hierro forjado para veletas refleja más de 60 años de desarrollo artesanal. En calidad de obra de consulta y herramienta de labor, será de gran valor para todos aquellos involucrados en el trabajo de forja, o interesados en la historia de la herrería.

Nuevos diseños se incluyen en esta edición, además de los ilustrados anteriormente en el '*Catalogue of Wrought Iron*' (Catálogo del hierro forjado), de 1989. Este es el segundo de una serie de catálogos que abarcan otras categorías del oficio.

La serie cubre lo que se considera como una colección singular de planos de taller o de ejecución. Los dibujos son de artesanos diseñadores que han estado relacionados en Inglaterra con la *Rural Industries Bureau* (Oficina de Industrias Rurales) desde los años de 1930 hasta 1968, con el *Council for Small Industries in Rural Areas* (CoSIRA – Consejo de pequeñas industrias en zonas rurales) desde 1968 hasta 1988, y con la actual *Rural Development Commission* (Comisión de desarrollo rural).

En la actualidad, esta Comisión, que siempre ha promocionado las artes y oficios tradicionales de la Inglaterra rural, ofrece también instrucción práctica.

La capacitación en trabajos de forja se organiza a diversos niveles y abarca: técnicas generales de herrería, laboreo de espirales y volutas, montajes y armazones, trabajos con martillo pilón y manufactura de herramientas, herrería artística, repujado de desbaste, doradura y efectos decorativos. A efectos de obtener mayor información habrá que ponerse en contacto con la *Training Section* (Sección de Capacitación), en la ciudad de Salisbury.

Entre otros libros relacionados con el tema y publicados por la Comisión de desarrollo rural, cabe mencionar:

*Wrought Ironwork* (Laboreo de hierro forjado)

*Catalogue of Drawings – Wrought Ironwork Gates* (Catálogo de dibujos – Portones de hierro forjado)

*Blacksmith's Manual Illustrated* (Manual ilustrado del herrero)

*The Blacksmith's Craft* (El oficio del herrero)

*Decorative Ironwork* (Herrería artística o decorativa)

Puede solicitarse una lista completa de las publicaciones a la *Communications Office* (Oficina de comunicaciones), en Salisbury.

**Nota:** Los dibujos e ilustraciones del catálogo son propiedad intelectual (copyright) de la *Rural Development Commission* y sólo en circunstancias excepcionales se autorizará su reproducción. Las autorizaciones deberán ser solicitadas por escrito.

*¿Cómo obtener planos de ejecución?*

Cada dibujo tiene un número de referencia. Para solicitar planos, basta con señalar el número de

referencia y adjuntar el pago correspondiente. Al recibo de su solicitud, le despacharemos un juego de planos, el cual comprende los dibujos en escala y de taller. Los diseños sencillos podrán estar comprendidos en un plano solamente. Se adjunta una lista actualizada de precios. Los precios se revisan periódicamente y las listas ulteriores pueden obtenerse solicitándolas a la *Communications Office*, en Salisbury.

# EINLEITUNG

In dieser neuen Ausgabe des Katalogs von Entwürfen für schmiedeeiserne Wetterfahnen spiegeln sich mehr als 60 Jahre handwerklicher Kunst wider. Für alle auf diesem Sektor tätigen oder an der Geschichte des Schmiedehandwerks interessierten Personen dürfte er ein Bezugswerk und eine Arbeitshilfe von nicht zu überschätzendem Wert bilden.

In dieser Ausgabe sind sowohl neue als auch alle bereits in dem 'Catalogue of Wrought Ironwork' (Katalog schmiedeeiserner Erzeugnisse) 1989 dargestellten Entwürfe enthalten. Dies ist der zweite einer Reihe von Katalogen verschiedener Entwurfskategorien.

Die Katalogreihe veranschaulicht eine wohl exklusive Sammlung von Arbeitszeichnungen. Die Entwürfe stammen von Fachleuten, die von den 30er Jahren bis 1968 mit dem *Rural Industries Bureau*, von 1968 bis 1988 mit dem *Council for Small Industries in Rural Areas* (CoSIRA) und danach mit der gegenwärtigen *Rural Development Commission* zusammenarbeiteten.

Heute bietet die Commission, die in England stets überlieferte ländliche Handwerke gefördert hat, auch Ausbildung.

Die einschlägigen Kurse, die verschiedenen Stufen entsprechen, erstrecken sich auf allgemeine Schmiedeverfahren, Rankenwerk, Montage und Umrahmung, den Gebrauch von Krafthämmern und Werkzeugmacherei, Metallkunstgewerbe, Treibarbeit, Vergoldung und Ziereffekte. Für nähere Auskünfte wenden Sie sich bitte an die *Training Section* in Salisbury.

Die *Rural Development Commission* hat zu diesem Thema u.a. auch die folgenden anderen Bücher veröffentlicht:

- Wrought Ironwork*  
(Schmiedeeiserne Erzeugnisse)
- Catalogue of Drawings – Wrought Ironwork Gates* (Katalog von Zeichnungen – Schmiedeeiserne Tore)
- Blacksmith's Manual Illustrated*  
(Illustriertes Handbuch für Schmiede)
- The Blacksmith's Craft* (Das Handwerk des Schmiedes)

*Decorative Ironwork* (Dekorative schmiedeeiserne Erzeugnisse). Eine vollständige Liste aller verfügbaren Veröffentlichungen ist von dem *Communications Office* in Salisbury erhältlich.

**Bitte beachten:** Die Zeichnungen und Katalogillustrationen sind Copyright der *Rural Development Commission*, und nur in außergewöhnlichen Umständen wird die Genehmigung zu ihrer Reproduktion erteilt. Eine solche Genehmigung gilt nur in schriftlicher Form.

## *Bestellung von Arbeitszeichnungen*

Jeder Entwurf hat eine Bezugsnummer. Wenn Sie Zeichnungen zu bestellen wünschen, geben Sie einfach die Bezugsnummer an und fügen Sie Ihrem Schreiben die entsprechende Gebühr bei. Bei Erhalt Ihrer Bestellung senden wir Ihnen einen Satz Zeichnungen sowohl maßstabgerechter Art als auch für die Arbeit. Einfache Entwürfe mögen auf einer einzigen Zeichnung zusammengefaßt sein. Eine gültige

Preisliste ist beigefügt. Die Preise werden von Zeit zu Zeit geändert, und weitere Exemplare der Liste sind von dem *Communications Office* in Salisbury erhältlich.

# WEATHERVANE DIMENSIONS
